Facilities and Administrative Costs of Extramural Projects Policy

(Approved COB Faculty September 10, 2019)

Texas A&M University-Corpus Christi Procedure 15.01.05C0.01 Facilities and Administrative Costs of Extramural Projects specifies the distribution and expenditure of facilities and administrative (F&A) costs derived from all sponsored projects.

F&A indirect costs associated with grants and extramural projects may be expended on College of Business research activities and will be distributed as prescribed in the following guidelines.

The distribution of recovered F&A costs, in support of the enhancement of sponsored project productivity is as follows:

1. The distribution of F&A costs for proposals originating with PI(s) salaried by the College of Business shall be:

50% University F&A Cost Revenue

50% College of Principal Investigator (Dean)

Funds directed to the college should be shared with the PI(s). The amount, customarily 5%, is at the discretion of the dean. Colleges shall devise and publish a policy in an inclusive and transparent fashion with input of the VPR and approval of the Provost and Vice President for Academic Affairs.

2. The distribution of F&A costs for proposals originating with PI(s) PI or PIs salaried by a Center reporting to the College of Business dean:

50% University F&A Cost Revenue

50% College of Principal Investigator (Dean)

Funds directed to the college should be shared with the center/institute. The amount, customarily 40%, is at the discretion of the dean. Colleges shall devise and publish a policy in an inclusive and transparent fashion with input of the VPR and approval of the Provost and Vice President for Academic Affairs.
